

## **MASTER OF URBAN DESIGN THESIS SCHEDULE (TENTATIVE)- 2024**

The design thesis is an independent design on a topic defined by the student, leading to the development of a clear design proposal to be supervised by a faculty team and evaluated by an external jury. The tutorial will assist the students to strengthen the theoretical base of the thesis and analyse relevant successful design demonstrations through case studies. The thesis by research is independent research on a topic defined by a student, to be completed in the form of a comprehensive report under the supervision of an advisor and evaluated by an external jury. The tutorial will assist the student in research methodologies, conducting of surveys, identifying case studies etc.

### **Assessment schedule**
