

[Faculty Brief / CV](#)

Rajeev is a planner with specialization in Environmental Planning. He has completed an undergraduate degree in Bachelor of Planning from SPA, Vijayawada and a postgraduate degree in Masters of Planning (Environmental Planning) from SPA, New Delhi, and has excelled in both programmes. In his 4 years of professional experience, he has been closely involved in policy making, strategic planning, projects which focus on Eco-sensitive zones, Tourism Framework Development, Impact Assessments, Green Campus etc., and master planning exercises. As an academican and practitioner, he is keenly interested in matters of sustainable development, tourism planning, ecosystem management, legislative framework in environmental planning process, and climate-resilient planning.

Rajeev has actively participated in various workshops, conferences and training modules related to environmental planning. He has published more than 5 papers in international and national journals. He has successfully guided 10 theses of bachelors and masters students of SPA Vijayawada on various themes revolving around planning and management of eco-sensitive areas, wetland management, ecosystem service valuation, climate-resilience and disaster vulnerability. He has a rational and practical approach to resolve issues and devise innovative solutions in professional projects.

A few professional projects that best illustrate his expertise are as follows:

- Preparation of Concept Development Plan and detail Master Plan for Holistic Development of Islands in Union Territory of Lakshadweep (Package III) and in Andaman and Nicobar (Package I)
- Preparation of Integrated Coastal Zone Management Plan and Shoreline Management Plan for Odisha
- Tourism Infrastructure Sustainable Development Plan for Himachal Pradesh
- Preparation of Revised Master Plan for Bangalore
- Evaluating alternate locations for Capital for the newly created State of Andhra Pradesh
